## PREPARATORY COURSE FOR US FAA PPL/CPL GROUND SCHOOL (PCG)

Learn the fundamentals of flying to acquire the knowledge to pass the United States Federal Aviation Administration (FAA) **Private Pilot written examination**. Upon completion of this program, students will receive an endorsement from a FAA certified instructor to certify that the student is prepared to take the PPL written examination. Passing the written examination prepares the student to proceed with the flight training portion for the Private Pilot License (PPL). Completion of this course also provides the student with the option to become an FAA Advanced Ground Instructor (AGI) to provide ground instruction for the Sport, Recreational and Private Pilot licenses. This training course is conducted according to the Federal Aviation Regulations (FAR) Part 61.105 – Aeronautical knowledge.

### ADMINISTRATIVE DETAILS

Course Duration:	17 classroom sessions (50 hours) and 8 hours of simulator training sessions
Age Requirement:	At least 16 years old
Final Exam Passing Score:	At least 85%
Attendance Requirement:	100%
Course Endorsement:	Certificate will be issued and signed by a FAA Certified Instructor. The participant will be qualified to take the PPL written exam.

### INSTRUCTOR'S QUALIFICATIONS

Instructor assigned by JetOne Academy has undergone stringent qualifying process to ensure his technical knowledge, flying experience, teaching techniques, and relevant certifications meet our training requirements. In order to become an Instructor at JetOne Academy, he or she must possess a minimum certification requirement of FAA Advanced Ground Instructor and have proven ground or flight training track records. The Instructor also has to be a University graduate and fluent in English both written and oral.

## ABOUT JETONE ACADEMY

As a flight training services specialist in the state of California since 2003, JetOne Academy has come full circle in devising the best in class training systems for flying enthusiasts across the world. With the emerging Chinese aviation market, JetOne Academy has strategically established an Asian headquarters in Hong Kong in mid-2010. Over the years, the Academy has trained countless pilots with very distinct ethnicity throughout the Continent of Asia. Today, many of its graduates are now flying for some of the biggest Asian regional and international airlines such as Air Macau, China Airlines, Eva Airlines, Dragon Airlines and Hong Kong Air in continuance of their aviation careers and the Academy is proud to be their springboards into this high flying industry.

JetOne Academy is backed up by a team of seasoned professional instructors who are relentlessly in pursuit for excellence bringing the most advanced teaching techniques in flight training to the student pilots. Whether you are a high school or college student, or simply want to learn flying for leisure, we have a right training program for you. The instructors are all US FAA Certified with many hours of proven training experience in ground and flight instructions. The curriculums are meticulously designed by our Aviation Advisors and Ground School Teaching team to provide international students at different ages or stages to acquire the training in a structured and easy to absorb manner.

JetOne Academy is a wholly-owned subsidiary of JetOne Holdings Limited. It has two training base in the sunny state of Southern California - La Verne and Corona. Both locations are strategically set up not only to provide the necessary training capacity but also the convenience for students to enjoy the lifestyle of Los Angeles. They are registered as pilot schools under the Federal Aviation Administration.

## AIRCRAFT PROCEDURES & AIR TRAFFIC CONTROL RADIO COMMUNICATIONS (APA)

Understanding Radio Phraseology is a must to acquire the skills to communicate with Air Traffic Control and other aircrafts. **Students undertaking any type of flight training must be radio communication proficient before being issued a license.** To get a head start on the familiarities with pre-flight and inflight procedures **in a simulator center environment** will significantly enhance the overall flight training experience. A 1-hour Inflight Procedure test and a detailed Assessment Report stating the score and Instructor's comments will be given. Upon completion, students will gain the skills to become communication and procedures proficient and confident to pursue flight training.

### ADMINISTRATIVE DETAILS

Course Duration:	10 sessions (20 hours)
Training Venue:	JetOne Motion Simulation Centre, Hong Kong
Age Requirement:	At least 16 years old
Attendance Requirement:	100%
Assessment Test:	An Assessment Report will be produced to identify area of weakness and recommendation for improvement

## PROFESSIONAL SIMULATOR TRAINING (PST)

The program follows the US FAA Private Pilot Certification training syllabus and is taught using real techniques and experiences by the FAA Certified Instructors. The program is delivered in 3 stages with a total of 23 lessons using the world's most advanced full motion simulator.

### BENEFITS

- ✓ Perfect the essential Inflight Check routine exercise
- ✓ Focus on acquiring the flight maneuvering skills without having to deal with outside distractions
- ✓ Repeatedly correct same errors or mistakes to perfection so it saves time and costs during actual flight training

### ADMINISTRATIVE DETAILS

Course Duration:	23 sessions (25 hours)
Training Venue:	JetOne Motion Simulation Centre, Hong Kong
Requirement:	At least 16 years old <b>and</b> past or current students of JetOne PCG course
Attendance Requirement:	100%
Assessment Test:	There will be a Stage Check (Test) at the end of each stage to examine whether the participant is able to carry out all the maneuvers taught and to identify areas of errors and weaknesses

## FREQUENTLY ASKED QUESTIONS

### 1. Where the training venue is going to be?

The training venue is JetOne Motion Simulation Centre in Central. The address and contact information will be updated later.

### 2. What will I learn from APA course?

- ✓ Pre-flight and inflight procedures
- ✓ How to contact air traffic controller
- ✓ Proper aviation language
- ✓ Proper procedures of doing stalls, slow flights, steep turns, and ground reference maneuvers

### 3. What is the passing score of APA course?

There is no pass or fail but you will receive an assessment report at the end of the course to identify areas for improvement.

### 4. What kind of simulator will be using in PST course?

The world's most advanced hybrid flight full motion simulator will be used.

### 5. Why do I need PST course?

Students with simulator training perform significantly better during flight training. It provides a seamless transition to flight training and increases the overall flight training experience.

## INSTRUCTOR'S QUALIFICATIONS

The instructors must have extensive flying and flight training experience to carry out the class effectively. This is a practical exercise whereby students will experience the intricacy of the actual pre-flight and inflight checking procedures. There is no margin for error. Every switch, every checking sequence, and every calling sequence, students must be able to repeat accurately and concisely. Students will not be able to carry it out without the help of the instructors who have years of practical flying experience in the US.

## ABOUT JETONE MOTION – AN ADVANCED SIMULATION CENTRE

JetOne Motion was founded in 2013. They examined the leading simulators, spoke to experts in the field, interviewed the flight schools and Chief Instructors, and thoroughly tested the simulators at the factory level. For the first time, JetOne Motion, THE ONLY ONE ON THE MARKET, has made it possible to unveil to the customers the world's most advanced full motion simulators all in an elegantly designed facility. They have opened the first simulator centre in Beijing. It is equipped with professional helicopter simulator (FLYIT), immersive flight simulator (OVO-4) and most advanced race car simulator (VRX). The second centre in Central will open in April 2014.
